Muslim "Immigrant"

What are you carrying in that suitcase?

Just a portable dirty nuke weapon of mass destruction.

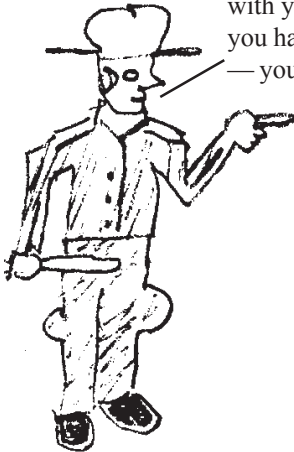

Okay, pass on through. WELCOME to Canada.

Food stamp line and free housing office on your left. We hope you will stay forever. Don't mind our laws, just live however you did back in your homeland.

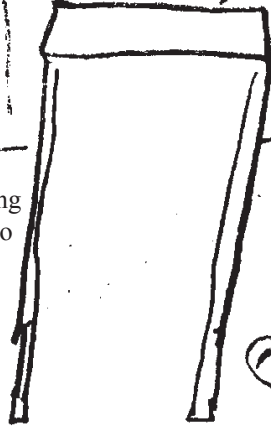

Cana-duh "Intelligence"

Monika Shaefer coming back to Canada after a day in the U.S.

CANADA

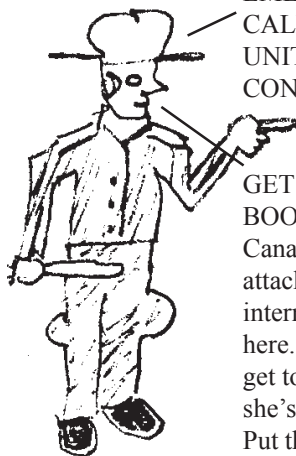

What are you carrying with you, and why do you have it?
— you hater...!

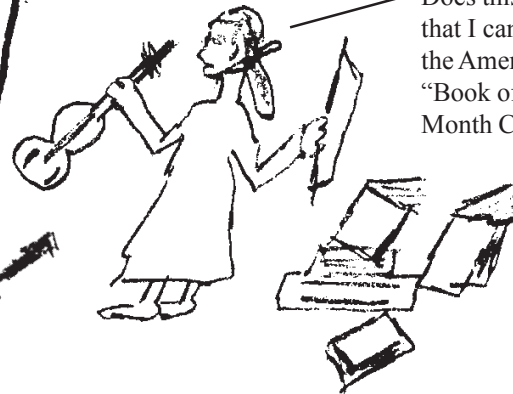

Just my violin and a few books I got in the U.S..

CANADA

EMERGENCY...!
EMERGENCY...!
CALLING ALL
UNITS...!
CONVERGE!

GET THOSE BOOKS...!!!
Canada is under attack...! We have an international criminal here. Careful... don't get too close to her... she's dangerous...!
Put the violin and the bow down, step back 3 steps, and lay face flat on the ground with your hands behind your head. Don't touch those books...!
Shoot her if she reaches for any book.

Does this mean that I can't join the American "Book of the Month Club"...?
