

The Modern Political Tea Party Movement

I've always wondered why the new Tea Party has never amounted to anything...

I've finally figured it out... it must be because their leaders are merely “stringing them along” and because they only waved tea bags *and not also spoons*... without a spoon, they were *unable to stir themselves* to actually DO SOMETHING. All they did, was, like useless idiots wave little tea bags, showing that they have no more power than someone dangling limpy by his neck from a noose. Yes, the enemy—corrupt politicians who have no qualms about starting wars and killing hundreds of thousands of people... the enemy who is in the business of assassinations and ruining peoples' lives... the corrupt politicians who live high on the hog and insulate themselves

from the public; who try to take away the peoples guns and ability of self-defense, while importing MILLIONS of savage aliens and putting them on a tax-payer-funded *breeding program* (and passing “hate laws” so that the raping, murdering aliens don't get their “feelings” hurt while committing mayhem!), while at the time time having their own ARMED security forces and body guards to protect them...

—*I am just sure* that those corrupt politicians were “shaking in their boots” when they saw the tea partiers *waving little tea bags* in the air and “smiling”—*smiling!* I guess they were smiling because they knew *how silly* they looked—knowing they planned on doing nothing other than smiling and maybe having a cup of *stale, lukewarm* tea! I even remember one silly woman having a few dozen tea bags hanging all around the brim of her hat as if it was a fancy lamp shade! Criminals don't recognize ideology (or “smiling faces”)—they only understand *force*. Rather than shaking in their boots, I think they were shaking all over while rolling on the ground in laughter! Thomas Jefferson expressed, “What country can preserve its liberties if its rulers are not warned from time to time that this people preserve the spirit of resistance?” and “Resistance to tyrants is obedience to God.... The tree of liberty must be refreshed from time to time with the blood of patriots and tyrants.... God forbid that we should ever be twenty years without such rebellion.” However, “rebellion” here is a poor word choice; it is the corrupt politicians who are in rebellion, and when the people “resist” the “rebellion” of their treasonous, renegade public servants it is quashing a rebellion, not being rebellious.
