#### **Books by Alan Eckert, - Narratives / Winning of America series**

1 Frontiersman- HB 35.00 + P&H; pb., 19.00 + P&H. [This is one of the best-books I've ever read. Most everyone who has taken me at my word and ordered it agrees. It is a book you can't put down and don't want to end. Against the background of such names as George Rogers Clark, Daniel Boone, Arthur St. Clair, Anthony Wayne, Simon Girty and William Henry Harrison, Eckert has recreated the life of one of America's most outstanding heroes, Simon Kenton. Kenton's role in opening the Northwest Territory to settlement more than rivaled that of his friend Daniel Boone. By his eighteenth birthday, Kenton had already won frontier renown as woodsman, fighter and scout. His incredible physical strength and endurance, his great dignity and innate kindness made him the ideal prototype of the frontier hero. Yet there is another story to The Frontiersmen. It is equally the story of one of history's

greatest leaders, whose misfortune was to be born to a doomed cause and a dying race. Tecumseh, the brilliant Shawnee chief, welded together by the sheer force of his intellect and charisma an incredible Indian confederacy that came desperately close to breaking the thrust of the white man's westward expansion. Like Kenton, Tecumseh was the paragon of his people's virtues, and the story of his life, in Allan Eckert's hands, reveals most profoundly the grandeur and the tragedy of the American Indian. No less importantly, *The Frontiersmen* is the story of wilderness America itself, its penetration and settlement, and it is Eckert's particular grace to be able to evoke life and meaning from the raw facts of this story. In *The Frontiersmen* not only do we care about our long-forgotten fathers, we live again with them. Researched for seven years, *The Frontiersmen* is the first in Mr. Eckert's "The Winning of America" series. The frontiersmen were a remarkable breed of men. They were often rough and illiterate, sometimes brutal and vicious, often seeking an escape in the wilderness of mid-America from crimes committed back east. In the beautiful but deadly country which would one day come to be known as West Virginia, Kentucky, Michigan, Ohio, Indiana, and Illinois, more often than not they left their bones to bleach beside forest paths or on the banks of the Ohio River, victims of Indians who claimed the vast virgin territory and strove to turn back the growing tide of whites. These frontiersmen are the subjects of Allan Eckert's dramatic history. Centers around the incredible life of the greatest frontiersman, Simon Kenton.

2 *Wilderness Empire* - HB 35.00 + P&H; pb., 19.00 + P&H.

For over two hundred years no Indian force in America was so powerful and feared as the Iroquois League. Throughout two thirds of this continent, the cry of "The Iroquois are coming!" was enough to demoralize entire tribes. But these Iroquois occupied and controlled a vast wilderness empire which beckoned like a precious gem to foreign powers. France and England secured footholds and suddenly each was claiming as its own this land of the Iroquois. Alliance with the Indians was the key; whichever power controlled them could destroy the other. *Wilderness Empire* is the gripping narrative of the eighteenth-century struggle of these two powers to win for themselves the allegiance of the Indians in a war for territorial dominance, yet without letting these Indians know that the prize of the war would be this very Iroquois land. It is the story of English strength hamstrung by incredible incompetence, of French power sapped by devastating corruption. It is the story of the English, Indian and French individuals whose lives intertwine in the greatest territorial struggle in American history--the French and Indian War.

3 *Conquerors* - HB 35.00 + P&H (possibly by year's end); pb., 17.00 + P&H.

*The Conquerors*, the third volume in Allan Eckert's acclaimed series, *The Winning of America*, continues the narrative of *The Frontiersmen* and *Wilderness Empire*: the violent and monumental story of the wresting of the North American continent from the Indians. But the locale has moved westward—to the northern frontiers of Pennsylvania, to Michigan and the Green Bay area, especially the crucial outposts of Fort Pitt and Fort Detroit, Sandusky and Mackinac. *Wilderness Empire* concluded with the English victory in the French and Indian War, a conquest which gave them possession of an immense North American empire. Now English soldiers and traders began the trek across the wilderness to man the former French outposts, to secure the land for the Crown and to exploit its riches. But these men were to find that the conquest of the Northwest did not end with the defeat of the French. The Indians had only resentment for the English, whom they regarded not as conquerors, but as unwelcome interlopers on their own ancestral lands. At last, provoked beyond endurance by restrictive policies, and encouraged by agents of the French, the most powerful tribes of the region united behind the charismatic Pontiac, war chief of the Ottawa, in a concerted effort to drive the English forever from the Northwest. *The Conquerors* is the story of Pontiac's uprising and the men involved in it: the conquering English, both soldiers and intrepid civilians, who undertook the dangers of the Indian trade for profit and the adventure of opening a new land; and, most importantly, the Indians, who refused to accept the yoke of the conquered and were driven to violence to protect their homes and their way of life from the encroachment of an alien civilization.

4 *Wilderness War* - HB 35.00 + P&H; pb., 19.00 + P&H.

From Niagara Falls to Lake Champlain, the warriors of the mighty Iroquois ruled supreme. Not even the savagery of the French and Indian wars could cool their fury or halt their power. But by 1770 the restless white men were warring once again. Thayendanegea, the valiant Iroquois war chief, allied his fierce tribes with the one white man the Indians loved and trusted, Sir William Johnson. Once more the frontier would erupt, pitting the Indians' unvanquished spirit against the white settlers' relentless challenge. Allan W. Eckert's *Narratives of America* are true sagas of the brave men and courageous women who won our land. Every character and event in this sweeping series is drawn from actual history and woven into the vast and powerful epic that was America's westward expansion. Allan W. Eckert has made America's heritage an authentic, exciting, and powerful reading experience.

5 *Gateway to Empire* - pb., 19.00 + P&H.

With his unmatched ability to bring our vibrant early history to life, Allan W. Eckert now presents his latest saga of the battle for the North American wilderness. Here, in all its fascinating human drama, is the struggle to control the "gateway to empire"—Chicago Portage, the vital link between the East and the untapped riches of the west. Caught up in the turbulent sweep of events are two men—John Kinzie, a successful trader with a heroic taste for a new frontiers who fought to live in mutual respect with the Indians, and Tecumseh the Shawnee leader, a man of unparalleled wisdom and courage who would see his dream of a united Indian empire betrayed. As the British move toward the war 1812 both men and their people would be trapped in a tragic conflict that would threaten the land they so passionately loved.

6 *Twilight of Empire* - pb., 17.00 + P&H.

*Twilight of Empire*, the sixth and final volume in Allan W. Eckert's highly acclaimed "The Winning of America" series, continues the tale of America's westward expansion and the trickery, warfare, purchase, theft, and treaty through which it was achieved. Eckert immerses the reader in the history of the Northwest Territories and the Louisiana Purchase during the first half of the nineteenth century as he relates the dramatic events presaging and composing the Black Hawk War of 1832. It is a story with heroes and scoundrels on both sides and is peopled with men whose names have gone down in history.

*Dark Journey*, Hb, 25.00 + P&H.

This riveting book may well be the most historically accurate and detailed telling of the 1846-47 Donner-Reed Party's traumatic journey to California. Of the hundreds of wagon trains traveling west, only the Donner Party left an indelible imprint on our national imagination, the wagon trains fame sealed by its terrible fate. In his fortieth book, Eckert, seven times nominated for the Pulitzer Prize, tells the story of the entire journey—the late start, slow pace, leadership changes, disputes, the fateful decision to follow Lansford Hastings' hyped but untested route which led to one disaster after another—deaths from natural causes, accidents, fights, and a murder before they reached California—as the group fell behind all the others traveling that year. Of course, this all led to their entrapment in the Eastern Sierra in one of the harshest Sierra winters ever recorded. Includes the stories of the party members who forged ahead seeking help, and the several parties of rescuers who came to their aid, including the shocking murder of two of the rescuers, an incident brushed aside in many previous accounts.

Eckert's masterful telling brings alive the Donner Party's 88 members and the fates of the eleven families and numerous single men who risked all, of whom just 51 survived. He enriches the compelling tale with vivid descriptions of the colorful characters, both in the party and among those they met: mountain men, native peoples both hostile and helpful, and more. This poignant and dramatic account provides a rigorously accurate and comprehensive telling of one of America's great pioneer sagas.

*Blue Jacket*, Hb., pb., 16.00 + P&H.

In the year 1771, a white boy named Marmaduke Van Swearingen was captured by the Shawnee Indians in what is now West Virginia, but was then the edge of the American frontier. Impressed with his bravery, he was not killed but instead was taken to Ohio where he was adopted into the tribe and given the name Blue Jacket, from the blue shirt he was wearing at the time of his capture. Eckert has taken all of the known facts of Blue Jacket's life and has woven them into a narrative of compelling interest, with a very different perspective on the way America was settled. The reader will learn what life was really like on the dangerous frontier wilderness that was West Virginia, Kentucky and Ohio before the Revolutionary War.

*Court Martial of Daniel Boone*, pb., 18.00 + P&H.

This young adult historical novel is based on an exciting and little known incident in the life of the famed Kentucky frontiersman Daniel Boone when, after being captured by Shawnee Indians and subsequently adopted into their tribe, he then escapes and returns to Boonesboro, only to find himself charged with treason and court-martialed. In a brilliant display of ability, Boone defends himself at the trial and gradually the truth about what really happened emerges. A fascinating glimpse of Kentucky's pioneer period as well as a penetrating look at frontier courtroom justice.
