The True History of The Conquest of New Spain (Mexico)

Bernal Diaz del Castillo (1496-1584) wrote an important firsthand account of his experiences supporting several expeditions into Central America, including that of Hernan Cortes in the conquest of Mexico in 1521. It's the straightforward account of a soldier, not the dainty and carefully balanced prose of an academic or diplomat. It is thus devoid of "political correctness." This volume allows Diaz to tell his story as he would have it, and, besides his observations of the Aztec people and their temples, he describes their massive ritual sacrifices—the details of which are many times excised from modern history books.

"Jews Must Live" (unabridged edition) and "Now and Forever"

Samuel Roth

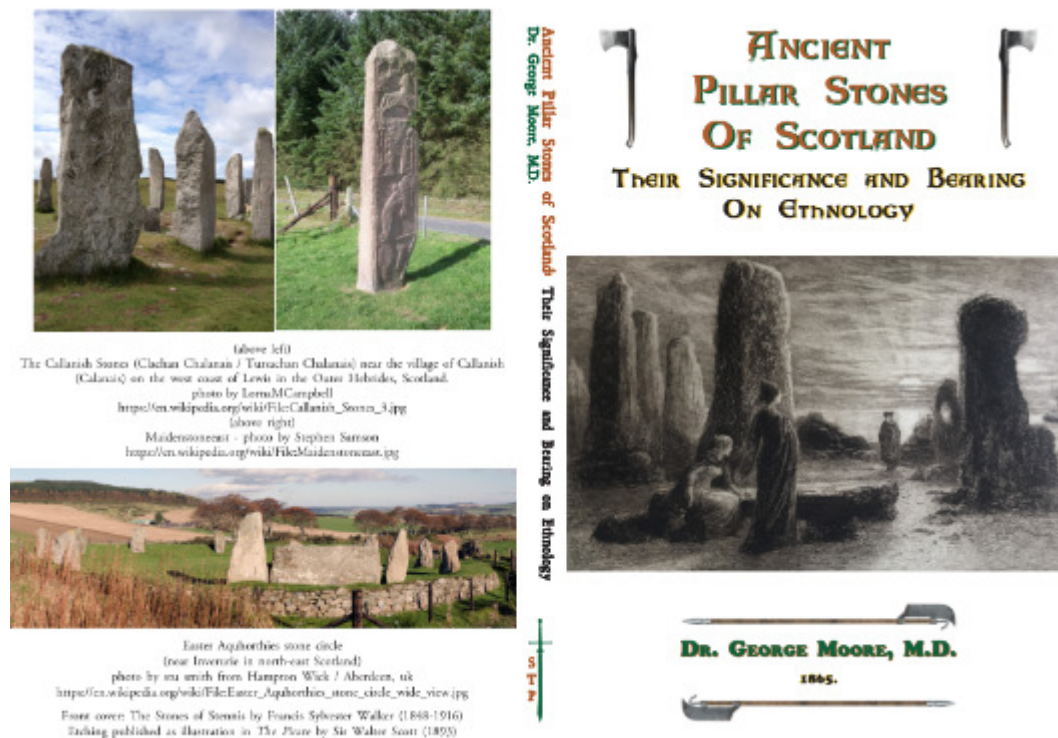

Two unabridged books in one paperback. Samuel Roth (1893-1974) was a decades-long publisher of pornographic materials and a plaintiff in *Roth v. United States* (1957), a key Supreme Court ruling on freedom of sexual expression. The minority opinion of that case, regarding redeeming social value as a criterion in obscenity prosecutions, became a template for the liberalizing First Amendment decisions in the 1960s. He was sued by James Joyce, tangled with T.S. Eliot and Ezra Pound, and was involved in the Alger Hiss embroglio. Two books by Samuel Roth are presented here. *Jews Must Live* includes the full text and all illustrations from the original. This is in contrast to a previous 1964 edition which had only half the book. Roth's narrative forms in part a candid exposé of Jewish ritual murder. His testimony has now been given new life in this book. Also includes Roth's *Now and Forever*: In this strange little book—also presented in full text—Roth discusses the state of Jewry with Israel Zangwill. Zangwill was a playwright who coined the phrase "melting pot." Also included are three related essays—one by Martin Glynn and two by Marcus Eli Ravage.

Walter Bower or Boswaker (1385-1449) was a 15th Century Scottish canon and abbot of Inchcolm Abbey (in the Firth of Forth) and was a reputed chronicler. The illustration on the front cover of this book is from Bower's epic Chronicle, *Scotichronicon* and portrays *Scota* and *Goidel Glas*, the legendary progenitors of the Irish and Scottish Gaels; which work was a continuation of John of Fordun's (c.1355-1384) *Chronica Gentis Scotorum*, the oldest extant complete history of the Scots. Bower's *Scotichronicon* was published in 16 books: the first 5 and part of the fifth (to A.D. 1163) were Fordun's work, augmented by Bower; and some subsequent volumes (to the reign of Robert I. (1271)) he heavily relied upon Fordun's *Gesta Annalia*; however, after that point the work is entirely original, up to the death of King James I. of Scotland (in whose royal council he was active [1424-1427]), as well as being an administrator in the collection of taxes and as a judge in cases brought before Parliament). He began the work in 1440 and completed it in 1447 and continued to edit and revise it until his death.

In 1991, Donald E. R. Watt, Ph.D. (1926-2004), Scottish historian and professor of Medieval History, and Emeritus Professor of Scottish Church History at St. Andrews University, Scotland, concerning Bower's *Scotichronicon*: "We are more and more convinced that this book is one of the national treasures of Scotland, which should be studied in depth for many different kinds of enquiry into Scotland's past." Bower himself had written: "He is not a Scot who is not pleased with this book."

In 1529, Martin Bucer participated in organizing this meeting to resolve differences between Luther and Zwingli primarily over the Eucharist / Communion / Lord's Supper. Sadly, Luther refused to even shake Zwingli's hand, over not agreeing on every point. They agreed upon *Sola Scriptura*; but the not each interpretation of it.

Saturday February 6, 1557, Bloody Mary, has the remains of Reformers Martin Bucer and Paul Fagius exhumed and publicly burned; the two men having been *posthumously* "found guilty" of "heresy".

It starts out pretty good

p.1

MOSES, THE GREATEST LAW-GIVER, AND THE MEEKEST MAN

LONG ago in the land of Egypt there lived as slaves to the Egyptians a race of white people called the Hebrews.

p.3

Young Prince Moses had a great deal to do while he was growing to manhood. He is said to have become commander-in-chief of the Egyptian army that conquered the black and savage race living a thousand miles up the Nile.

(of course, Upper Egypt was south, and Lower Egypt was north, and the Nile flowed north, so "up the Nile" refers to farther south, that is, sub-sahara.

Rev. Hollis Read, A.M. (1802-1887), a missionary of the American Board, in his, *The Hand of God In History: or Divine Providence Illustrated In The Extension and Establishment of Christianity Throughout The World* (1855), wrote,

All past history is but the unraveling of God's eternal plan respecting our race. The whole course of human events is made finally to subserve this one great purpose (p. 13)....

The Hand of God is discernible in the discovery and first settlement of America.... The time had arrived when God would give enlargement to Zion. For this purpose he had reserved a large and noble continent—a land fitted, by its mighty rivers and lofty mountains, its vast prairies and inexhaustible mineral productions, to be a theatre for more extensive and grand developments of the scheme of redemption than had ever yet transpired (p. 34)....

It was at such a time that the “woman, clothed with the sun, and the moon upon her feet, and upon her head a crown of twelve stars,” having long, and in various ways, been persecuted by the great red dragon, of “seven heads and ten horns, and seven crowns on his heads,” had given to her the two wings of a great eagle, that she might fly into the wilderness, where she had a place prepared of God, that they should feed her there a thousand, two hundred and three score days. And here, free, strong, lofty as the eagle, (our national banner,) she lives and breathes, and moves, stable as our everlasting hills, extensively diffused as our far-reaching rivers, and free as our mountain air (pp. 36,37).... (See Revelation 12.)

...This was the land of promise...God would give to the people of his own choice. Hither he would transplant the “vine” which he had brought out of Egypt. Here it should take root and send out its boughs unto the sea, and its branches unto the river (p. 38).... [See Genesis 49:22 and Ezekiel 17.]

...when I speak of stern principles which originated at the first settlement of this country...of the admirable institutions of our forefathers...of our high pretensions to freedom, intelligence and piety, I bear in mind that we have proved ourselves unworthy of our noble inheritance, and recreant to our good professions. But I would look beyond these clouds, which ever and anon intercept our vision, to those better things reserved for the second Israel (p. 50)....

We might here trace the agency of a series of wars which subdued many a barbarous nation and gave nationality to Germany; which kept at bay the overwhelming power of Rome, and which opened the way for the establishment of the chosen race in the British Isles (p. 583)....

The Anglo-Saxons are at the present epoch of the world the chosen race through whom the great work

of human progress is carried forward. They are the modern Israel, the chosen arm of the Lord for the elevating and blessing the nations of the earth. They are, as directed and used by the Almighty arm, controlling the destinies of the world (p. 682)....

...should the idea recently broached by a reverend lecturer in England (Rev. J. Wilson) prove to possess as much truth as...interest, viz.... these...Anglo-Saxons are none other than the...descendents of Abraham ...the "Ten Lost Tribes," this will cast a new charm over the history of this extraordinary race, and confirm our already sanguine hopes that this people, whom we have called the modern Israel, shall bless the earth far more abundantly than their renowned progenitors ever did (p. 683).

Recommendations for book "Today, God's character and attributes are again being called into question. Some well-known theologians have resurrected neo-pagan views of God and have tried to pass them off as Christian. Dr. Morey has written the definitive rebuttal to the 'god as finite' view. May God use it to arrest this abomination before it spreads." - Dr. D. James Kennedy Coral Ridge Ministries

"The Battle of the Gods is a cogent apologetic for the Biblical doctrine of God. The proper Biblical teachings are advanced with all the clarity and intensity of a Pastor-teacher. Rebutting a Limp ‘Refutation’: Christian Anglo-Israel Defended; “Heresies Exposed”
—Exposed as **Impotent Hearsay**, 88pp., 7.00 + P&H; begins w/ 10-page “exposé” from a book I reprinted by a mainstream author, “Heresies Exposed” (the entire book deals with many false doctrines, and the author included a 10-page chapter on “British Israel”, though he proved himself ignorant, dishonest, and inadequate) and ends with my 72-page rebuttal.

A reader recently commented on my highly annotated edition of Pink's Sovereignty of God.

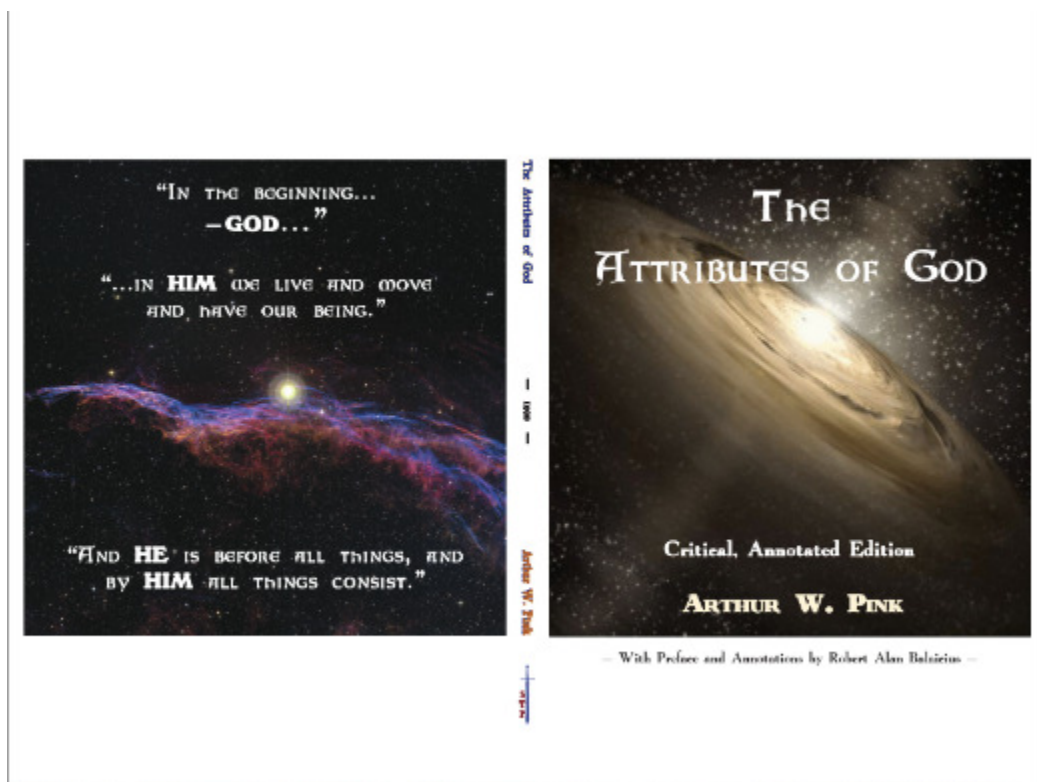

Just wanted to drop you a line concerning your annotations of Pink's "Sovereignty of God," which I just recently finished reading. I found myself looking forward to your notes while reading, because they are so keenly logical and very insightful. It almost seems like the author and annotator should switch, since you have obviously more understanding than the author, and it is often painful to see how little Pink seems to be aware of (and hopefully his "ignorance" was not feigned for evil purposes). I found myself wondering many times if Pink were actually trying to steer the reader astray, since it seems impossible for someone to be so inconsistent in what they profess. If someone doesn't know something about subject A, then he will consistently show his ignorance of subject A whenever it comes up. How can he do anything else? But with Pink, he shows that he knows something about subject A when it first comes up, but then later he shows his ignorance of the same subject by contradicting exactly what he said the first time it came up! How can this be innocently done? I would like to give him the benefit of the doubt, but I have to admit that it is very difficult.

It must have been exhausting for you to annotate this work, and I want to thank you VERY MUCH for all your hard work and perseverance. I also learned a great deal about my own superficial reading style and how I tend to sift through the haystack looking for the needle but often dismiss the parts that are not of interest without really analyzing them at all. I had read "Sovereignty of God" before your annotated version, but in reading the annotated version, I felt like I had not read the book at all! I can clearly see how easy it is to steer readers where you want them to go, and, frankly, it is quite scary. I will certainly read more carefully from now on, thanks to your example!

I find that I am learning to be more logical and rational in my thinking just by reading your works. I am noticing things I didn't notice before, and I am seeing logical inconsistencies now that I didn't in the past. And this is because of your example, which is also a form of teaching. I appreciate this very much and wanted to let you know how important your work is - for this reason as well as for the obvious reason of correcting errors of logic and doctrine.

Someone emailed:

"I recently finished your book, "The Sovereignty of God, Predestination, Free Will, and the Protestant Reformation," and I'm now about a third through "The Attributes of God" by Pink, your edition with your detailed annotations and I just want to let you know that your book (your detailed notes that are far deeper and of greater volume than Pink's work itself) is FAR more inspiring, cogent and accurate than Pink's. I was looking to get a deeper understanding and sense of God's power and majesty and his true character, and your book revealed exactly that. I now feel much closer to God, because I trust him more and am comforted by the TRUE nature of what He is. Thank you for a GREAT book! May our Lord richly

reward you for your faithfulness.”

Excellent book showing how England fell into dead churchianity / ritualistic orthodoxy (in which many became priests merely because it was an easy, good paying "profession" and many "priests" who "preached" on Sunday never even saw a Bible in their lives...!) after the waning of the Protestant Reformation and the Westminster Assembly (due to the counter Reformation of Rome), and was as dead as the Papacy, though there were shining lights.

- The Frontiersman (conquest of America's NW Territory: today's northern mid-west) Narratives of America Series by Allan Eckert; gripping historical novels based wholly on fact; depict how life really was, extol some great Americans usually overlooked in history. (6 books in the series; inquire); this one covers the wars against British & Indians, centered around Simon Kenton; greatest frontiersman/pioneer greater than Daniel Boone (saved Boone's life few times) great man, God watched over him even as Washington in battle. Little taught nowadays, incredible man - a true legend. One of only 2 men who could fire and reload and fire musket while running full speed. I highly recommend this book. One of best I have ever read. One of only men in history to have survived any (let alone numerous times the) running of Indian gauntlet; British/French treachery, frontier-life, Indian Wars, American independence; 626pp., large-size pb., pb., 1900; incredible! A must!

Cutler, 123pp., pb., rare, 12.50 + P&H; true story of son avenging death of father during French & Indian Wars, devoted life to exterminating few remaining Indians in N.E. Pennsylvania. Settling in Milford, Pennsylvania, the family enjoyed peaceful relationship w/ Indians. At outbreak of French & Indian Wars, relationship w/ small group of settlers became strained & dispute about land known as Minisink. Quick's father was killed & scalped during sudden attack, which led Quick to long, vengeful campaign to kill as many Indians as he could. In fact, he killed nearly 100 over many years, eventually died of old age. When book was written, he was one of great icons of American folklore & exploits were common fare of fireside storytellers & cracker-barrel old-timers. Today, he is virtually forgotten. Political correctness recently motivated his hometown of Milford, PA to dismantle handsome monument over his remains & replace it with apologetic plaque. References to him have been eliminated from local history. This is the original biography of Tom Quick, published in 1851; containing virtually every tale associated with craft & cunning of Tom Quick, & many narratives relating to early settlers of the upper Delaware Valley. Of special interest to historians are the chapters devoted to the Battle of Minisink during American Revolution; abridged version, published 1894, lacks several key chapters, footnotes & Appendix.
